

DATES:

January 7-13, 2017

LOCATION:

University of Colorado -
Colorado Springs, Colorado
1420 Austin Bluffs Parkway
Colorado Springs, CO 80918

For more information
on the Colorado Springs area visit
www.visitcos.com

OUR MISSION:

Promote safety and integrate the efforts of local, State, Federal, Tribal, private-sector, and non-governmental emergency response organizations by utilizing the Incident Command System and facilitating a national approach to domestic incident management by providing both the cognitive and hands-on incident management knowledge, instructed by the nations brightest authorities.

CANCELLATION/REFUND POLICY

A full refund will be given until December 19, 2016.
Cancellations after December 19th will be charged
\$25 per class day (example: 3-day class = \$75 fee).
No refunds will be given for "No Shows".
Please contact the Coordinator for substitutions.

SUMMER 2017 CLASS SCHEDULE
will be available in February 2017.

COURSE DESCRIPTIONS

FEMA ALL HAZARDS Courses

L-950:

NIMS ICS All-Hazards Incident Commander

This course is designed to provide State and local-level emergency responders with a robust understanding of the duties, responsibilities, and capabilities of an effective incident commander on an all-hazards incident management team (AHIMT). These responsibilities fall into two categories: (1) responding to the incident and command needs of the incident; and (2) effectively fulfilling the position responsibilities of an incident commander on an AHIMT. Exercises, simulations, discussions, and a final exam enable students to process and apply their new knowledge. **Prerequisites:** IS 100, IS 200, IS 700, IS 800, ICS 300 and ICS-400 required.

L-965:

All-Hazards Resources Unit Leader

As of October 1, 2013, NWCG recognizes the FEMA NIMS E/L965, Resources Unit Leader course as an alternative to taking the NWCG S-349 course. This course is designed to train potential resources unit leader (RESL). It describes RESL responsibilities related to resource status systems, planning process, and resource products/outputs. **Prerequisites:** Required: IS/ ICS - 100, 200, 300, 700 and 703. **Recommended:** ICS- 400, AHIMT Course or C&G Local Training.

L-969:

All-Hazards Communications Unit Leader (COML)

This course helps attendees establish the essential core competencies required for performing the duties of the COMM UL in an all-hazards incident. This course addresses all responsibilities appropriate to a COMM UL operating in a local- or state-level AHIMT. These responsibilities include the collection, processing and dissemination as needed to facilitate Operations of Command, general Staff, and Unit Leaders within the confines of a Type 3 AH Incident Management Team. The course is an instructor-led training that supports learning through discussion, lecture, and active participation in multiple exercises. By requiring attendees to bring Communications Unit Leader Kit to the instruction, the course provides a realistic, hands-on approach to mastering the skills of a COML. **Prerequisites:** Required: IS/ ICS - 100, 200, 300, and 700. **Recommended:** ICS- 400, AHIMT Course or C&G Local Training.

Skill Specific Courses

233:

Fireline Paramedic:

This course will cover necessary information for EMT's & Paramedics to function as a Single Resource on Wildland Fires. The class will review the typical emergencies, equipment needs, interface with the MEDL, emergency evacuations, wildland safety considerations, navigation and responsibilities. **Prerequisites:** Current EMT or paramedic certification.

CCBB/RXB3:

Certified Burner / Introduction to Agency Burn Boss (RXB3)

Low Complexity Prescribed Fire Leadership:

This 24 hour course provides introductory training in the planning, design & implementation of low complexity "pile" burning projects. Topics include a fundamental review of basic fire behavior, project design, smoke management, legal liability, implementation techniques & the development of site specific burn plans with risk management & project

complexity as a foundation. Upon successful completion of this course, private landowners can initiate the task book certification process through the CO Div. of Fire Prevention & Control as a Certified Burner Level B. Local, county, state and federal agency attendees are encouraged to seek Burn Boss Type 3 Task Book initiation from their respective agency. **Prerequisites:** Private landowners: none. Agency attendees; IQCS/IQS currency as FFT1 or ICT5 and S-290. **Important Note:** Private entities without any prior fire experience and/or training must attend all three days. Agency attendees having the prerequisite training & NWCG qualifications will start the class on day 2.

e-Isuite:

E-ISUITE

This eSuite course is designed to expose a user to the basic application functions of each of the following modules in eSuite: Resources, Cost, Time, and the Incident Action Plan. These application modules are used within the Plans and Finance sections of an incident management team (Types 1, 2, and 3) as well as home units. Functional knowledge of the application is required to accomplish the responsibilities within those sections. Objective: to prepare students to work on an incident management team in one or more of the following positions: SCKN, RESL, DMOB, PTRC, EQTR, COST, or COMP. Target group: this course is designed primarily for those who wish to work on a Type 1, Type 2, or Fire Use IMT in Planning or Finance.

LI:

Legal Issues in Emergency Management

Introduces the student to the range of legal issues that impact emergency management from planning to public assistance reimbursement. Overview of the emergency planning and response environment. This will include the role of regulations on hazardous materials, transportation, fire and building codes. Review of legal significance and implications of guidance documents such as "whole of community planning", CPG 101 and DOJ guidance on sheltering and evacuation. This will include a review of relevant judicial cases and DOJ litigation. Explore the concepts of liability and immunity as they apply to government employees and volunteers during planning, training, exercises and response. Explore the implications of civil rights and Americans with Disability Act impacts on emergency planning versus emergency response operations. Review relevant judicial cases. The application of these planning and response principles to other preparedness planning arenas, such as the EPA guidance on school siting and hazardous materials routing. **Prerequisites:** none.

NFPA1041:

Fire & Emergency Services Instructor 1

This course provides new, current fire & emergency services instructors basic knowledge & methodologies for training preparation & delivery. Students receive detailed performance test information for evaluation; as well as performance standards. NWCG has approved this course as an equivalency for M-410, Facilitative Instructor. Pre-Requisites: All applicants must submit on Department letterhead a letter endorsing the applicant holds a minimum of three (3) years' experience from one of the following; Fire service; emergency medical; emergency response or; wildland fire service. **Prerequisites:** once approved by the CDFPC; a copy of the IFSTA's, Fire & Emergency Services Instructor (8th addition) book with directions will be mailed for the pre-reading. **Note:** Colorado applicants only!

R&R:

Retention & Recruitment

Fire service leaders and community leaders are encouraged to attend. There is **NO COST** to attend the workshop. Travel, 2 nights lodging and per diem for attendees will be

reimbursed upon completion of the workshop. The R&R Workshop is designed to facilitate open discussion about local volunteer firefighter retention and recruitment issues including: leadership challenges; management skills; incentives and how to fund them; identifying and communicating your local volunteer need to the public; along with develop and implement a local marketing plan.

TIMS:

National Traffic Incident Management Responder Program

This course is being offered as a part of the Federal Highway Administration's National TIM Responder Program for law enforcement, fire, EMS and all-hazard/wildfire personnel. The one-day course focuses on responder safety through training for a planned and coordinated multi-disciplinary process to detect, respond to and clear traffic incidents. Effective TIM has been shown to increase the safety of incident responders by minimizing their exposure to risk of serious injury and even death. Students will receive a FHWA completion certificate and CO POST credit is pending.

NWCG Courses

D-110:

Expanded Dispatch Recorder with Intro to ROSS

This course is designed to train potential EDRCs. It begins with an overview of the expanded dispatch organization. Then it discusses the resource ordering process & status systems, which includes topics such as established dispatch ordering channels, resource order forms, resource status systems, & Resource Ordering & Status System (ROSS). Finally, the importance of communication & working relationships is addressed. **Prerequisites:** None.

ICS-300:

Intermediate ICS: ICS for Supervisors & Expanding Incidents

This course is designed to enable personnel to operate efficiently using the Incident Command System (ICS) in supervisory roles on expanding or Type 3 incidents. Topics include: ICS fundamentals review, incident/event assessment and agency guidance in establishing incident objectives, Unified Command, incident resources management, planning process, demobilization and incident transfer of command or close out. This course is NIMS compliant. Qualifies for CO Post Credit! **Prerequisites:** ICS-200.

ICS-400:

Advanced ICS: ICS for Command & General Staff & Complex Incidents

This course directs the student towards an operational understanding of large single-agency and complex multi-agency/multi-jurisdictional incident responses. Topics include fundamentals review for command and general staff, major and/or complex incident/event management, area command, and multi-agency coordination. Interchangeable with G400 and H467, they are all NIMS compliant. Qualifies for CO Post Credit! **Prerequisites:** ICS-300.

L-280:

Fellowship to Leadership

This training course is designed as a self-assessment opportunity for individuals preparing to step into a leadership role. The course combines one day of classroom instruction followed by a second day in the field with students working through a series of problem solving events in small teams (Field Leadership Assessment Course). Topic areas include: Leadership values & principles; transition challenges for new leaders; situational leadership; team cohesion factors; & ethical decision-making. **Prerequisites:** Experience on incident assignments in operations or support functions & L-180.

L-381:

Incident Leadership

This is a leadership development training recommended for incident response personnel who will function in fireline command roles. This is an exercise/simulation-based training. The intent of this training is to provide future leaders of divisions, groups, and type 3 incidents with the leadership tools to effectively exert command and control over a quickly assembled team in a time constrained and rapidly changing incident environment. **Prerequisites:** L-180, Qualified as any strike leader, (TFLD), (ICT4), any support unit leader, or supervisory dispatcher.

N9025:

Tactical Decision & Sand Tables

The intent of the course is to increase the students' knowledge in tactics and strategy and help the students become more proficient in decision making in wildland fire at the TFLD/STLD/ICT4 level. This is done through simulations/sand tables and tactical decision games. **Prerequisites:** fully qualified as a SRB and/or ICT4 recommended. **Replaced S-336.**

S-130/190:

Firefighting Training & Intro to Wildland Fire Behavior

This introductory course is designed to train entry-level firefighters referred to as a Firefighter Type 2 (FFT2). You will be introduced to & gain knowledge of the basic incident management organization, firefighting techniques, suppression equipment, safety, strategy/tactics along with fire behavior. Field exercises will be performed for valuable hands-on training. Includes L-180. **Prerequisites:** None.

S-130/190 (Online):

Review & Field Day ONLY!

This two-day class assists those students taking the online S-130/190 course with the necessary classroom review & field work to successfully complete the class for NWCG certification. **Pre-requisites:** successful completion of online S-130/190 modules with academy instructor.

S-131:

Firefighter Type 1

This course is designed to meet the needs of an advanced Firefighter Type 1 (FFT1). The course is interactive & contains several tactical decision games designed to facilitate learning the objectives & class discussion. Topics include: fireline reference materials, communications & tactical decision making. **Prerequisites:** Qualified as FFT2.

S-200:

Initial Attack Incident Commander

The intent of this course is to provide students with the tools & techniques to make the transition from Single Resource Boss to Incident Commander. **Prerequisites:** Qualified as any Single Resource Boss (SRB).

S-203:

Introduction To Incident Information

This entry level course is for employees who are interested in working as a Public Information Officer on wildland fires and other incidents. The course covers community relations, media relations and internal information topics. Students will learn the ins and outs of mobilizing to an incident as a PIO, how to assemble and package information, and how to give interviews for print, radio and television reporters. Students will get to meet and talk to journalists who cover wildland fire stories. **Prerequisites:** completion of pre-work. S-130/190 recommended.

S-215:

Fire Operations in the Wildland/Urban Interface

Instructional units include firefighter safety in the interface, managing human factors in the interface, pre-incident planning, sizeup & initial strategy, structure triage, structure protection overview, tactics in the interface, tactical operations & resource use in the interface, action assessment, plan update, & after action review. **Prerequisite:** Agency personnel - (FFT1) qualified. Structural Fire Department complete Intro to ICS(I-100), (L-180), (S-130/190), and (S-131); or equivalent training.

S-219:

Firing Operations

This course introduces the roles and responsibilities of a Firing Boss (FIRB) to qualified FFT2 and FFT1 and outlines duties of other personnel who may engage in a firing operation. The course discusses and illustrates common firing devices and techniques. Although comprehensive in nature, the course work is not a substitute for the dynamic fire environment. **Prerequisites:** a minimum of FFT2 qualified and RT-130. Students seeking FIRB certification must successfully complete, ICS-200, S-230, S-290 and RT-130.

S-230:

Crew Boss (Single Resource)

This is a classroom course designed to produce student proficiency in the performance of duties associated with the single resource boss position from initial dispatch through demobilization to the home unit. Topics include operational leadership, preparation & mobilization, assignment preparation, risk management, entrapment avoidance, safety & tactics, offline duties, demobilization, & post incident responsibilities. **Prerequisites:** S-290 & FFT1 qualified.

S-231:

Engine Boss (Single Resource)

This is a skill course designed to produce student proficiency in the performance of the duties associated with engine boss, single resource (ENGB). Topics include engine & crew capabilities & limitations, information sources, fire sizeup considerations, tactics, & wildland/urban interface. **Prerequisites:** S-230 & FFT1 qualified.

S-261:

Applied Interagency Incident Business Management

This course is designed to provide the prerequisite skills/knowledge necessary to perform the task of the entry-level finance positions for commissary manager, personnel time recorder, equipment time recorder, compensation for injury specialist and claims specialist. **Prerequisites:** S-260.

S-262:

Incident Contract Project Inspector

The course will prepare students to represent the COR/COTR to secure compliance with the terms and conditions of the contract and notify the contractor of deviations from the contract requirements. Provide subject matter expertise in the field to the incident supervisor of contracted equipment to ensure contract requirements are met. Consult with the Contracting Officer Representative of Contracting Officer concerning matters which may require contract action. **Prerequisites:** None.

S-270:

Basic Air Operations

This course covers aircraft types & capabilities, aviation management & safety for flying in & working with agency aircraft, tactical & logistical uses of aircraft, & requirements for helicopter take-off & landing areas. **Note:** The regulations, procedures & policies addressed in this course are primarily those governing federal agency & ICS operations. **Prerequisites:** None.

S-290:

Intermediate Wildland Fire Behavior

This fire behavior course provides students with the knowledge of wildland fuels & fire behavior to make safe & effective fire management decisions on prescribed & wildland fires. **Prerequisites:** S-130/190.

S-300:

Extended Attack Incident Commander

This course is designed to meet the training needs of the incident commander type 3 (ICT3). The focus is on the lessons of leadership & command as they relate to the ICT3 position. It is presented in participative lecture format with multiple tactical decision games for students to practice new knowledge. The seven instructional units cover Foundation Skills, Situational Awareness, Command & Control, Managing the Incident, Transitional Activities, Post-Fire Activities & a Final Simulation with Optional Staff Ride. **Prerequisites:** Qualified as an (ICT4) & qualified as a (TFLD) OR Qualified as an ICT4 & as a strike team leader & any two single resource boss positions – one must be crew (CRWB) or engine (ENGB).

S-330:

Task Force/Strike Team Leader

This course meets the training requirements for the positions of Task Force & Strike Team Leader. The course is designed to be interactive with several scenarios & exercises specific to wildland fire suppression. **Prerequisites:** Qualified as any Single Resource Boss; completion of pre-course work.

S-339:

Division/Group Supervisor

This course prepares students to perform in the role of division/group supervisor. It provides instruction in support of the specific tasks of the DIVS, but will not instruct students in general management/supervision or in the incident command system (ICS), both of which the student should learn through prerequisite work. Topics include division/group management, organizational interaction, division operations, all-hazard operations, & tactical decision games. **Prerequisites:** Qualified as a (TFLD) OR qualified as (ICT3) OR qualified as (ICT4) & in any two strike team leader positions (one must be STCR or STEN).

S-359:

Medical Unit Leader

This course is designed to provide the skills & knowledge needed to perform in the role of medical unit leader (MEDL). Topics include gathering information, organizing the medical unit, supervising the unit, evaluation, documentation, & demobilization. **Prerequisites:** Current certification as an Emergency Medical Technician (EMT) or equivalent.

S-390:

Introduction to Fire Behavior Calculations

This is a skills course designed to instruct prospective fireline supervisors in wildland fire behavior for effective & safe fire management operations. **Prerequisites:** S-290 & satisfactory performance as Single Resource Boss.

**REGISTER BY
NOV. 1ST TO RECEIVE
EARLY BIRD
RATES!**

**Register online:
www.cwfima.org**

TRAINEES!

In addition to our courses, we invite you to apply and work as a Trainee. Trainee positions are open for all Command, General Staff and Unit Leader positions. As a Trainee, you will have the opportunity to perform and complete tasks in your Position Task Books (PTB) while assisting in managing the daily operations of the Colorado Wildland Fire and Incident Management Academy with the guidance of a qualified trainer. The Colorado Wildland Fire and Incident Management Academy is an incident and trainees will work in excess of 8 hours per day. No overtime or comp-time will be covered by the CWFIMA. Trainees will be allowed only 1 open task book and may take a class only if authorized by your trainer. Trainee positions are limited, so apply early by clicking the **"Trainee"** button on our webpage to access the application form and directions for applying.

ACADEMY INCIDENT MANAGEMENT TEAM!

If you are currently qualified and credentialed for ICS positions by your agency or organization we would like to ask that you consider joining the Incident Management Team (IMT) that plans for and manages both annual academies. Our membership is always undergoing some changes so we are always in need of new permanent and job share members. If interested in an Academy IMT position, please call for more information.

PARTNERS!

We are always looking for new agency, departmental or professional membership organizations to join our growing list of Academy partners. Becoming a partner with us provides you the opportunity for your logo to be displayed on the cover of our student materials. We feel it is important for our students to see this kind of professional endorsement for the Academy and their efforts in undertaking their essential training. A Partners application form is available by clicking on the website header tab **"Academy Information"** then scrolling down to **"Partnerships and Sponsorships"**.

VENDORS!

A key aspect of the student experience while enrolled at the CWFIMA is access to vendors who offer an array of wildland fire and emergency response equipment, supplies and services that they generally may not have access to. If you are a business that specializes in providing any of the above and would like to display throughout the Academy, please visit our website and click on the **"V"** button for vendor information and application. Specific questions can be directed to Cheryl Dalton, Academy Liaison Officer at cdalton@co.routt.co.us or by calling (720) 320-2195.

SPONSORSHIP!

As a non-profit, the CWFIMA relies in part on external supporters to maintain the quality of the program. If you are a business that provides services to the wildland fire and emergency response communities, please consider contacting us to purchase advertising space in our CWFIMA website, brochures and handout materials. Information can be obtained by contacting Wendy Fischer, Academy Executive Director at (719) 589-1400 or at wfischer@cwfire.org.
