

The U.S. Department of Homeland Security
Office for Bombing Prevention

Presents

Protective Measures Course

Estes Park Emergency Operations Center
170 MacGregor Avenue
Rooms 202-203
Estes Park, CO 80517
April 4, 2017
8:00 am – 4:30 pm

Course Purpose

This course builds awareness and understanding of the IED threat, terrorist planning cycle, and indicators of suspicious activity. Participants also learn about facility vulnerability analysis and counter-IED protective measures and strategies which can be utilized to mitigate risk and reduce vulnerabilities within their unique sectors.

Who Should Attend?

This workshop is ideal for public and private sector security partners including security professionals and critical infrastructure executives, managers, and security staff tasked with increasing the security posture of a facility or event.

Schedule of Events

Module 1: Introduction

Module 2: Terrorism and IED Threat Overview

Module 3: Terrorist Attack Planning

Module 4: Facility Vulnerability Analysis

Module 5: Protective Measures

Parking

Available in the municipal Lot on the East side of the building.
