COURSE DESCRIPTIONS

DHS-FEMA Courses

E0146:

HOMELAND SECURITY EXERCISE EVALUATION PROGRAM (HSEEP) COURSE

The E0146 - HSEEP: Basic course provides a comprehensive overview of exercise design along with practical skill development. Using the same terminology and processes, this course will provide activities that will give participants an opportunity to interact with many of the templates and other materials that are detailed in the HSEEP doctrine created and maintained by the National Exercise Division to ensure exercises are conducted in a consistent manner. Target audience includes: Anyone planning to attend the Training & Exercise Symposium and who is a member of an exercise design team or fulfills a role in one of the following areas of the exercise design process: design, development, conduct, evaluation, or improvement planning for an exercise. **Prerequisites:** IS 120.a - An Introduction to Exercises (Required) and IS 130 - Exercise Evaluation and Improvement Planning (Recommended).

L-960:

NIMS All-Hazards Division/Group Supervisor (DIVS)

The course prepares students to perform in the role of the Division/Group Supervisor on an All Hazards Incident Management Team (AHIMT). It provides instruction in support of the specific tasks of the DIVS. Topics include DIVS management, organizational interaction, division operations, all-hazard operations, and tactical decision games. **Prerequisites:** Required: ICS - 100, 200, 300, and IS-700. Recommended: ICS- 400, AHIMT Course or C&G Local Training.

L-964:

NIMS All-Hazards Situation Unit Leader (SITL)

As of 10/1/13, NWCG recognizes FEMA L964 as an equivalent to S-346, SITL. This course includes to prepare students to accomplish the duties & responsibilities of a situation unit leader (SITL). The course starts with how to activate, set up, organize, manage & demobilize a situation unit. It then addresses the products (maps, ICS-209, & other reports) the Situation Unit produces, as well as the technology that is needed to produce the products. One component of the pre-course work is for students to read & complete the exercises in Basic Land Navigation (NFES 2865). **Prerequisites:** required completion of IS-100, 200, 700, 800 and ICS 300. ICS 400 course is recommended.

S-212 Field Exercise on Trinchera Ranch

Skill Specific Courses

GPS:

GPS for Fire Management & ICS

This is a 16-24 hour course for fire and incident management staff providing advanced training in the use of GPS equipment for navigation and data collection. Course participants use GPS receivers to navigate, collect data that can be communicated in written or verbal formats, and download data to create files for use in a geographic information system (GIS) program, to meet the needs of GIS specialists, fire managers, or incident command staff. The use of GPS is one of the most efficient methods for documenting information regarding the location of facilities, conditions, and environments affected by Wildfire, Floods, Earthquakes, and other incidents. **Prerequisites:** Have knowledge and use of GPS receivers and software.

IBRW:

Incident Business Review Workshop

This review workshop is for students who have taken Online S-260 or would like to refresh their skills. Bring current Interagency Incident Business Management Handbook. This session includes questions and answers along with hands-on exercises. **Prerequisites include:** completion S-260 course online or classroom.

M&C:

Maps-n-Compass

This course provides the student with a basic level of knowledge and skills associated to land navigation with a map and compass. In addition, the use of GPS as a navigational supplement to maps and compass will be discussed. The orienteering course field exercise will provide students with the opportunity to practice skills and utilize classroom exercises. **Prerequisites:** None.

PEW:

PTRC/EQTR Workshop

This workshop is a great opportunity for hands-on experience in Time module of e-ISuite for trainee and qualified EQTRs and PTRCs. **Prerequisites:** S-260 or online S-260 and S-261.

NWCG Courses

FI-210:

Fire Investigation Training

This course is designed to prepare an individual for basic fire investigation responsibilities in the area of origin and cause determination. Students successfully completing this course will receive full credit for FI-210 as required by NWCG certification standards. **Prerequisites:** Law Enforcement Officer or 1 year experience as a firefighter.

ICS-300:

Intermediate ICS: ICS for Supervisors & Expanding Incidents

This course is designed to enable personnel to operate efficiently using the Incident Command System (ICS) in supervisory roles on expanding or Type 3 incidents. Topics include: ICS fundamentals review, incident/event assessment and agency guidance in establishing incident objectives, Unified Command, incident resources management, planning process, demobilization and incident transfer of command or close out. This course is National Incident Management System (NIMS) compliant. **Prerequisites:** ICS-200.

POST Credit

ICS-400:

Advanced ICS: ICS for Command & General Staff & Complex Incidents

This course directs the student towards an operational understanding of large single-agency and complex multi-agency/multi-jurisdictional incident responses. Topics include fundamentals review for command and general staff, major and/or complex incident/event management, area command, and multi-agency coordination. These courses are built on the same lesson objectives and content as the NWCG I-400 course and are interchangeable. **Prerequisites:** I-300, Intermediate ICS for Supervisors and Expanding Incidents.

POST Credit

L-280:

Followership to Leadership

This training course is designed as a self-assessment opportunity for individuals preparing to step into a leadership role. The course combines one day of classroom instruction followed by a second day in the field with students working through a series of problem solving events in small teams (Field Leadership Assessment Course). Topic areas include: Leadership values and principles; transition challenges for new leaders; situational leadership; team cohesion factors; and ethical decision-making. **Prerequisites:** Experience on incident assignments in operations or support functions & L-180.

L-380:

Fireline Leadership

This course also known as "At the Point of the Spear: Leading and preparing emergency response units" (DHS CA-002PREV) is a 36-hour program that focuses on helping response leaders build more cohesive, adaptive, and resilient teams. This program teaches principles for leading in high-risk and high-stress environments, building team cohesion, and resolving conflicts and problems within the team. Using a mix of theory, classroom exercises, and field exercises, this interactive program is designed to reinforce mission-driven operational culture at the team level and to provide a framework from which to launch future organizational development. More than 50 agencies and departments rely on this program for first-line leader development. **Prerequisites:** Incident personnel with supervisory responsibilities; Human Factors in the Wildland Fire Service (L-180); completion of pre-course work. Sponsored by CO Division of Fire Prevention & Control..

S-130/190:

Firefighting Training & Intro to Wildland Fire Behavior

This introductory course is designed to train entry-level firefighters referred to as a Firefighter Type 2 (FFT2). You will be introduced to and gain knowledge of the basic incident management organization, firefighting techniques, suppression equipment, safety, strategy/tactics along with fire behavior. Field exercises will be performed for valuable hands-on training. Includes L-180 and I-100. **Prerequisites:** None.

S-130/190 (Online):

Review & Field Day ONLY!

This two-day class assists those students taking the online S-130/190 course with the necessary classroom review & field work to successfully complete the class for NWCG certification. **Prerequisites:** Successful completion of online S-130/190 modules with academy instructor.

FOR UPDATES ONLINE:
www.cwfima.com**

Dozer Work

S-131: **NEW REVISION** **FIREFIGHTER TYPE 1 (2016)**

Firefighter Type 1, S-131, is now a twelve-hour course designed to meet the training needs of the Firefighter Type 1 (FFT1) and/or Incident Commander Type 5 (ICT5). This course is designed to be interactive in nature. It contains class discussion and several tactical decision games designed to facilitate learning the objectives. Topics include operational leadership, communications, LCES and tactical decision making. **Prerequisites:** Qualified as a firefighter type 2 (FFT2).

Students in S-130/190 learning to deploy their fire shelters.

S-200: **Initial Attack Incident Commander**

The intent of this course is to provide students with the tools and techniques to make the transition from Single Resource Boss to Incident Commander. **Prerequisites:** Qualified as any Single Resource Boss (SRB).

S-211: **Portable Pumps & Water Use**

This course is designed to provide knowledge and skills to design, setup, operate, troubleshoot, and shut down portable water delivery systems. The focus is on portable pumps – it does not address water delivery for engines. Topics covered include: portable water delivery systems; equipment; roles and responsibilities; and system design and hydraulics. There is also a field exercise where students will apply what they learned in the classroom. **Prerequisites:** None.

S-212: **Wildfire Powersaws**

This class is designed to train students in the proper use of chainsaws and techniques necessary to prepare them for their functional role as a chainsaw operator on an incident. Class A and B certification is available with this 5-day class & field (based on evaluation). **Prerequisites:** Qualified as FFT2 and current certification in Basic First Aid & CPR.

S-215: **Fire Operations in the Wildland/Urban Interface**

This course is designed to assist initial attack incident commanders and company officers in confronting wildland fires that threaten life, property and improvements. **Prerequisites:** Agency personnel must be Firefighter Type 1 (FFT1) qualified. Structural Fire Department personnel should have completed Intro to ICS(I-100), Human Factors on the Fireline (L-180), Firefighter Training & Intro to Wildland Fire Behavior (S-130/190), and Firefighter Type 1 (S-131); or equivalent training.

S-219: **Firing Operations**

This course introduces the roles and responsibilities of a Firing Boss (FIRB) to qualified FFT2 and FFT1 and outlines duties of other personnel who may engage in a firing operation. The course discusses and illustrates common firing devices and techniques. Although comprehensive in nature, the course work is not a substitute for the dynamic fire environment. The course provides students with important information regarding general tasks required to be successful. Replaces S-234, Ignition Operations. **Prerequisites:** a minimum of FFT2 qualified and RT-130. Students seeking FIRB certification must successfully complete, ICS-200, S-230, S-290 and RT-130.

S-230: **Crew Boss (Single Resource)**

This course is designed to meet the training needs of a crew boss on an incident. Units include preparation, mobilization, tactics & safety, off-line duties, demobilization and post incident responsibilities. **Prerequisites:** S-290 & FFT1 qualified.

S-231: **Engine Boss (Single Resource)**

This course provides single resource boss training relevant to the engine boss position. You will identify crew and engine capabilities; gather information for assignments, communicate & coordinate effectively with crew members. **Prerequisites:** S-230 & FFT1 qualified.

S-236: **Heavy Equipment Boss (Single Resource)**

This is a skill course is designed to meet the training needs of a Heavy Equipment Boss on an incident as outlined the PMS 310-1 and the Position Task Book developed for the position. Primary considerations are tactical use and safety precautions required to establish and maintain an effective dozer operation. A field exercise is required as part of the course. **Prerequisites:** includes completion of pre-course work (2 hours) and Qualified as firefighter type 1 (FFT1).

S-248: **Status/Check-in Recorder**

This course is designed to introduce students to the tools and techniques used to perform the duties of a status check-in recorder (SCKN). The course provides an overview of what a student can expect if dispatched to an incident using e-lsuite. **Prerequisites:** It is recommended that students have completed Basic ICS (ICS-200) and Human Factors (L-180), and have basic computer skills in the Windows environment.

S-261: **Applied Interagency Incident Business Management**

This course is designed to provide the prerequisite skills/knowledge necessary to perform the task of the entry-level finance positions for commissary manager, personnel time recorder, equipment time recorder, compensation for injury specialist and claims specialist. **Prerequisites:** S-260.

S-270: **Basic Air Operations**

This course offers information on the uses of aircraft in fire suppression and provides instruction on how to conduct oneself in and around aircraft. It will familiarize the trainee with tactical and logistical uses of aircraft in fire suppression, as well as, describe the specifications for helicopter landing areas. **Prerequisites:** None.

Students in S-211, Pumps & Water, Using Foam

S-290: **Intermediate Wildland Fire Behavior**

This fire behavior course provides students with the knowledge of wildland fuels and fire behavior to make safe and effective fire management decisions on prescribed and wildland fires. **Prerequisites:** S-130/190.

S-330: **Task Force/Strike Team Leader**

This course meets the training requirements for the positions of Task Force and Strike Team Leader. The course is designed to be interactive with several scenarios and exercises specific to wildland fire suppression. **Prerequisites:** Qualified as any Single Resource Boss; completion of pre-course work.

S-339: **Division/Group Supervisor**

This course prepares students to perform in the role of division/group supervisor. It provides instruction in support of the specific tasks of the division/group supervisor, but will not instruct students in general management/supervision or in the incident command system (ICS), both of which the student should learn through prerequisite work. Topics include division/group management, organizational interaction, division operations, all-hazard operations, & tactical decision games. **Prerequisites:** Qualified as a (TFLD) OR qualified as an incident commander type 3 (ICT3) OR qualified as an incident commander type 4 (ICT4) & in any two strike team leader positions (one must be STCR or STEN).

P.O. Box 1777
Alamosa, CO 81101
Phone: (719) 589-1400
www.cwfima.com

TRAINEES!

In addition to our courses, we invite you to apply and work as a Trainee. Trainee positions are open for all Command, General Staff Manager and Unit Leader positions. As a Trainee, you will have the opportunity to perform and complete tasks in your Position Task Books (PTB) while assisting in managing the daily operations of the Colorado Wildland Fire and Incident Management Academy with the guidance of a qualified trainer. The Colorado Wildland Fire and Incident Management Academy is an incident and trainees will work in excess of 8 hours per day. No overtime or comp-time will be covered by the CWFIMA. Trainees will be allowed only 1 open task book and may take a class only if authorized by your trainer. Trainee positions are limited, so apply early by clicking the "Trainee" button on our webpage to access the application form and directions for applying.

INCIDENT MANAGEMENT TEAM MEMBERSHIP!

If you are currently qualified and credentialed for ICS positions by your agency or organization we would like to ask that you consider joining the Incident Management Team (IMT) that plans for and manages both annual academies. Our membership is always undergoing some changes so we are always in need of new permanent and job share members. If this is of interest, please consider applying by clicking the "Incident Management Team Membership" button on our webpage to access the application form.

PARTNERS!

We are always looking for new agency, departmental or professional membership organizations to join our growing list of Academy partners. Becoming a partner with us provides you the opportunity for your logo to be displayed on the cover of our student materials. We feel it is important for our students to see this kind of professional endorsement for the Academy and their efforts in undertaking their essential training. A Partners application form is available by clicking on the "Partners" website button!

VENDORS!

A key aspect of the student experience while enrolled at the CWFIMA is access to vendors who offer an array of wildland fire and emergency response equipment, supplies and services that they generally may not have access to. If you are a business that specializes in providing any of the above and would like to display throughout the Academy, please visit our website and click on the "Vendor" button for information and forms. Specific questions can be directed to Cheryl Dalton, Academy Liaison Officer at cdalton@co.routt.co.us or by calling (720) 320-2195.

SPONSORSHIP!

As a non-profit, the CWFIMA relies in part on external supporters to maintain the quality of the program. If you are a business that provides services to the wildland fire and emergency response communities, please consider contacting us to purchase advertising space in our CWFIMA website, brochures and handout materials. Information can be obtained by contacting Wendy Fischer, Academy Executive Director at (719) 589-1400 or at wfischer@cwfire.com.
