This **newly revised course** prepares attendees to pass the state Fire & Life Safety Educator I examination and become leaders in the field of community risk reduction. There are no pre-class assignments, but we suggest reading the first six (6) chapters of the course textbook prior to class. This class is appropriate for volunteer and paid life safety professionals in the fire service as well as law enforcement, EMS, hospital, public health and the private sector.

Attendees must bring their own copy of the IFSTA 3rd Edition Fire and Life Safety Educator textbook. It can be ordered at www.ifsta.org.

Attendees are responsible for lodging, travel and meal costs.
**Lunches and testing fees will be paid by Grand Fire
