

The CPFF HONOR GUARD ACADEMY

FOR THE FIRE SERVICES, LAW ENFORCEMENT, & EMS

Hosted by: North Metro Fire Rescue

This is a weeklong class, which combines classroom and practical applications to provide you and your organization the skills and knowledge to organize, train, and maintain a department Honor Guard. Instructors are from the fire service, and police, some with previous military experience teaching you basic marching maneuvers, flag etiquette, and advanced procedures such as the firing party, parade maneuvers, and funeral procedures. Regardless of your previous experience, whether a current member of an Honor Guard, previous military experience, or no experience of any kind, our course will give you something to take back to your department Honor Guard.
