Train-the-Trainer UPDATE

Fire Emergency Vehicle Operations Course

Course Description:

This Train-the-Trainer Update driver education instructor candidate course that is mandatory if you plan to continue teaching EVOC to your department(s). This update covers the skills and knowledge required to safely operate emergency vehicles and the curriculum to deliver the course to other members in the emergency services field. This course is strictly classroom style training and will be conducted with a live instructor via a virtual conference with student interaction as needed.

Please note that this is for the FIRE BASED EVOC ONLY.

This course is sponsored by McNeil and Company, Inc. and is offered at no cost to our insureds. It is offered to better prepare you as an in-house instructor to teach your organization's drivers to cope with the extra demands placed upon them in operating in emergency operations. The course materials provided after the training can be tailored to meet the needs of your organization and address unique driving situations to your area.

Pre-Requisites:

This course is designed to be a content update for the **FIRE EVOC Train the Trainer** course that you have previously attended.
