All students must have a State of Colorado Fire Instructor I Certification prior to registering for the course. If you register for the course, please attend the course.

Required Text Book: IFSTA Fire & Emergency Services Instructor, 9th Edition

Course Cost: None

Snacks and Lunch are not provided.

About the Course:

The two-day course is designed to prepare students for the challenges of Fire Instructor II level responsibilities. If the student successfully completes the course, they will have all Fire Instructor II JPRs completed and evaluated by a proctor. The class is not designed to prepare the student for taking the written exam, students must study the course textbook to prepare for the written exam. Students will prepare for the course by gathering SOG's, Budget Documents, Policies, Procedures, Schedules and completing a training needs analysis prior to the course. Students will complete JPR's prior to the course, during the course and post course.

Assignments and more course information will be posted on a Google Classroom once registration is closed.
