

The Leadership Journey

presented by Chief Rob Stumpf, Lyons Fire Protection District

Mondays 6-9p, June 9-Aug 25

The Leadership Journey is the brainchild of Chief Randy Mirowski (LFRA, retired) and is one of the most comprehensive leadership programs available to Fire Officers anywhere. Chief Mirowski, nationally recognized as Fire Chief of the Year in 2013 has featured this program in the Front Range Fire Consortium's officer development training and as a component of the City of Loveland's "Envision Leadership" curriculum. It provides an in depth analysis into the transformative nature of leadership and your path from good to great, all through the lens of Major Dick Winters of the 101st Airborne during WWII.

If you, or a Fire Officer you know is interested in taking their leadership to the next level, contact chief@lyonsfire.org for registration details.
