

HAZMATIQ: ABOVE THE LINE/ BELOW THE LINE

8-HOUR TRAINING COURSE

COURSE OVERVIEW

Developed BY responders, FOR responders, HazMatIQ 8-hour Above the Line/Below the Line employs a straightforward, easy-to-understand, and patented response system to demystify the typically complexities of hazardous materials for all levels of experience and response. Every participant is equipped with a set of laminated Above the Line/ Below the Line© charts, empowering them to conduct rapid chemical size-ups within minutes. These charts aid in swiftly determining the associated hazards, required meters, and necessary personal protective equipment (PPE).

THE HazMatIQ 4 -STEP SYSTEM

Step 1) Revolutionary 10 – second “Above the Line/ Below the line” chemical size-up.

Step 2) Verify/adjust initial size-up using HMIQ Charts and a reference source.

Step 3) Choose the appropriate meter(s) and protective equipment

Step 4) Operate safely in the hot zone based on mission
