

CRFD PRESENTS:

A MAYDAY RETROSPECTIVE

AN AFTER-ACTION REVIEW OF THORNTON FIRE'S 2018 MAYDAY EVENT

11846 Josephine Street: April 24, 2018

In 2018, Thornton Fire experienced our department's first Mayday. In every event come the seeds of growth for all of our organizations. We have investigated the links to the Mayday and want to share our lessons learned.

This class is the result of three months of research and review of what happened. We were lucky to get out without major injury, but maybe we can help you avoid a Mayday altogether.

Please come learn from our experience, including: new policies, practice changes, and a cultural shift.

Instructors

Captain Bret Wentworth: Bret has been with Thornton Fire for 16 years and was tasked with completing the investigation into this incident.

Lieutenant Cody Larson: Cody is a LT in Training with an extensive fire service background. He has a deep passion for training the fire service.
