

RMIBC

S-260 and S-261

Interagency Incident Business Management, Policies & Applications

TRAINING INFORMATION

Training Description

The purpose of this training is to introduce policies and procedures regarding Incident Business. Incident Command personnel who will benefit from this training include: All finance positions, logistics positions and single-resource boss positions.

These policies are applicable to all emergency incidents, including wildland fire, large searches, floods and hurricanes, and other all-hazard incidents.

A working knowledge of the Incident Command System is required to get the most out of this class.

Course Application

Complete the 2024 RMIBC Training Nomination Form by **Wednesday March 20, 2024** to apply to attend the class. Selection notifications will be made Monday March 25.
